# ABOUT US

BlueChip Electrical Services is a fully licensed, South Australian, family-owned electrical and civil contractor specialising in and delivering high-quality, safety-driven solutions across commercial and industrial environments. With more than 40 years of combined experience, we have built a reputation for reliability, technical capability, and a genuine commitment to client outcomes.

As a family-owned business, we take pride in delivering dependable, high-quality services supported by a skilled workforce and strong industry partnerships.

## MISSION STATEMENT

To deliver safe, high-quality electrical and civil solutions that support our clients' growth, strengthen local industry, and contribute to the development of resilient, future-ready infrastructure across Australia.

# CAPABILITY & EQUIPMENT

## Our Commitment

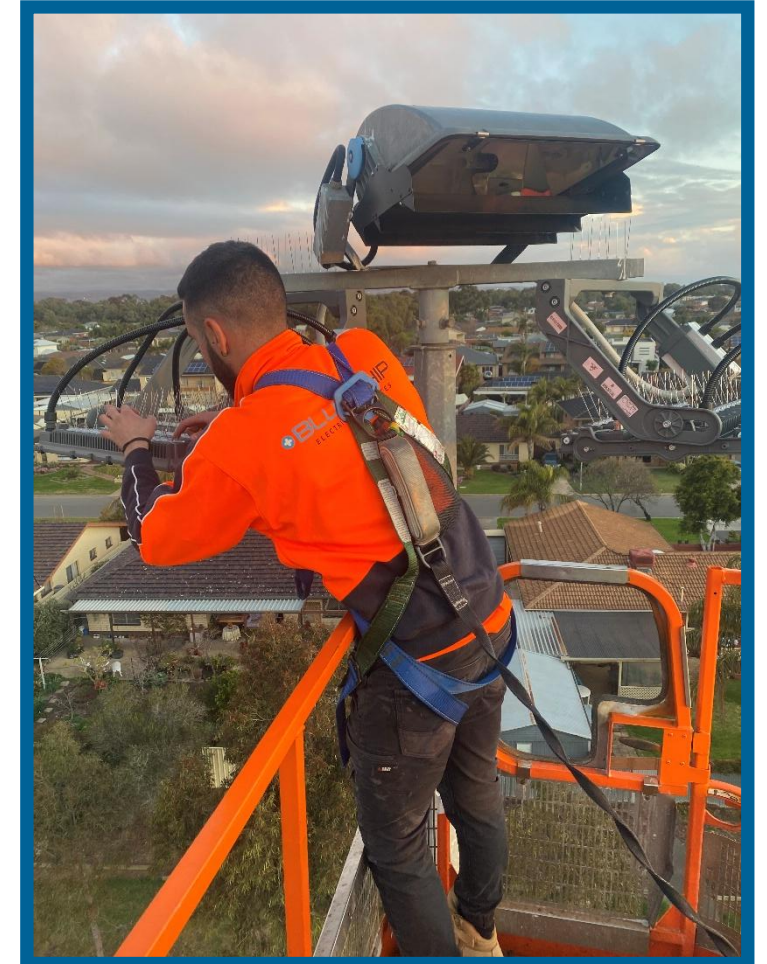

Safety is the foundation of everything we do. BlueChip Electrical Services maintains a proactive safety culture supported by training, compliance, and continuous improvement.

## Our Safety Framework

- WHS-compliant systems and procedures
- Daily pre-start and risk assessments
- SWMS for all high-risk activities
- Certified and trained personnel
- Hazardous area compliance
- Incident reporting and corrective action processes
- Regular audits and toolbox meetings

## Our Goal

- Zero harm, to our people, our clients, and the community.

# HEALTH & SAFETY

**BlueChip Electrical Services is committed to providing a safe and healthy working environment for our workers, clients, and visitors. The health and safety of our people and the community is fundamental to our operations and long-term success.**

We recognize our primary duty of care to ensure, so far as is reasonably practicable, that our work activities do not pose a risk to the health and safety of any person. We achieve this through strong leadership, effective systems, and a proactive safety culture supported by training, compliance, and continuous improvement.

**BlueChip Electrical Services is committed to:**

- Providing and maintaining a safe and healthy workplace for all workers and visitors
- Ensuring plant, equipment, tools, and facilities are maintained in safe working condition
- Identifying, assessing, and controlling workplace hazards and risks
- Implementing Safe Work Method Statements (SWMS) for all high-risk activities
- Conducting daily pre-start meetings and task-based risk assessments
- Ensuring all personnel are appropriately trained, competent, and certified.
- Encouraging open reporting of hazards, near misses, and incidents without fear of reprisal.
- Investigating incidents and implementing timely corrective actions.
- Conducting regular safety audits and toolbox meetings to drive continual improvement.
- Providing information, instruction, training, and supervision to enable work to be carried out safely.

When operating on client sites, BlueChip Electrical Services complies with all site-specific Work Health and Safety requirements and works collaboratively with clients and principal contractors to ensure the safe and efficient delivery of services.

*Our goal is **zero harm** — to our people, our clients, and the community.*
